Re: SB 1070 and HB 2162

Dear Governor Brewer:

Congratulations on your wise and decisive action in approving SB 1070 and HB 2162.

Millions of American citizens throughout our great nation are grateful to you for doing the right thing, despite intense political pressure to do otherwise, including unhelpful input from our "misguided" president. It is no wonder we see today that he does not have time to meet with you. He knows his administration (as well as administrations in the past) has woefully mismanaged the illegal immigration issues facing boarder states such as Arizona and indeed the entire United States of America. He has no excuse for continued lack of enforcement of federal laws in the area of illegal immigration.

For their part, Arizonians can take enormous pride in the fact that have they elected a governor who is unwavering in her commitment to defending the lives and property of Arizona citizens. While the Oklahoma legislature has adjourned this last Friday, regrettably, they did not have the votes to pass any similar legislation. Even then, I am certain that our current Governor did not have the fortitude to sign such a bill into law. Nevertheless, I see similar legislation in the future of Oklahoma.

With enough dedicated patriots like you standing up for what is right, come the November elections we will take America back from politicians more concerned with raw partisan power than with the well being of the citizenry.

We wish you well and want you to know we support you in this battle over illegal immigration.

Very truly yours,

JOSEPH B. MINER
Attorney at Law
